President's Corner

Hello Members,

As we move into our favorite time of year for garden enthusiasts, spring, it is also the time we start back up our garden club meetings after a short winter break. Our garden club has so many great upcoming informative events to look forward to this spring. Our first club meeting is Thursday March 13th with doors opening at 9 am for a social time and our meeting starting at 9:30 am. We have a wonderful program on "Living Landscapes" planned for this month.

Here are some events for your calendar:

March:

13th Garden Club Meeting 9 am at St. Patrick's Hall

April:

10th Garden Club Meeting 9 am at St. Patrick's Hall

22nd Arbor Day at Wareham Free Library 10 am until 2 pm

In the upcoming months, we will be getting ready for our *Arbor Day* activities and of course the *Plant Sale* in May so be sure to let us know how you can help out at these events. There will be many workshops going on, so I would encourage you to go to sign up to any or all of them and get involved, especially if you are one of our newest members as this is a great way to meet other members. Let the club know if you are having a workshop and we will put it on our website allowing members to go to SignUp Genius from our Member Area to sign up for these many workshops. We will also have sign-up sheets at our meetings for those that cannot access our website.

This year two new Co-presidents will be elected in June and they will need a lot of committee chairmen for the next two years as we have many chairmen coming to the end of their terms. Let the club know if you would like to head up a committee. More on this at our March meeting.

Hope to see you all back from this long cold winter ready to start talking gardens again and sharing any seeds you may have. Let's bring on Spring!

Judy Morgan
President
